	Not Applicable	No	No	An account status is not applicable for this account. Courses and proof of graduation may not be used in the initial-eligibility certification process.
	Withdrawn	No	No	This account has opted out of the review process. Courses and proof of graduation may not be used in the initial-eligibility certification process. This account may resume its review

by contacting the NCAA Eligibility Center.

* Proof of graduation will be used through the remainder of the academic year in which a high school's account status changes if its previous account status permitted the use of proof of graduation. For high schools that do not operate on a traditional academic calendar, proof of graduation will be used only through the completion date of coursework for which the student was enrolled prior to the change in account status. The status of core courses will remain through the academic term (e.g., semester, quarter) in which a high school's account status changes. For schools with nontraditional academic calendars, core course statuses will remain for students with a course enrollment date prior to and including the date of school status change.

 Additional Core Courses

Courses designated with a '=' symbol are courses that may be used only by students with a diagnosed disability. A course for a student with disabilities must be **exclusively** open to students with documented learning disabilities. The course must be quantitatively and

qualitatively the same as the regular equivalent and there must be a standardized curriculum/syllabus.

NCAA legislation permits a student to receive credit for a core course only one time. As a result, if a student repeats a core course, the student will only receive credit once for the core course, and the highest grade earned in the course will be included in the calculation of the student's core course grade point average. Likewise, if a student completes a course that is duplicative in content with another core course, the student will only receive credit for one of the duplicative courses, and the course with the highest grade earned will be included in the calculation of the student's core course grade point average.
